

Medical Consumables

医疗耗材

智能产线系统
Intelligent Production Line System

移液头 智能产线系统 Pipette head intelligent production line system

模块化设计，灵活多变，可根据实际应用工况个性化快速组合
Modular design, flexible and changeable, can be personalized and quickly combined according to actual application conditions

预增加模块（可扩展）

- 分穴模块
- 滤芯芯（带检测）模块
- 检测模块
- 包装模块（装盒、装盒、密封、打码）

Pre-added modular (expandable)

- Splitting module
- Install filter element (with detection) group
- Rejection group
- Packaging (palletizing, boxing, plastic sealing, coding)

完美洁净：全封闭不锈钢罩壳
针对较高的洁净室要求设计而成
Perfect cleanliness: fully enclosed stainless steel housing is designed for higher cleaning room requirements

采血管 智能产线系统 Intelligent production line system for blood collection tubes

模块化设计，灵活多变，可根据实际应用工况个性化快速组合
Modular design, flexible and changeable, can be personalized and quickly combined according to actual application conditions

预增加模块（可扩展）

- 检测CCD模块
- 检测CCD模块
- 检测CCD模块
- 检测CCD模块

1出24 采血管智能产线系统
Blood collection tube intelligent production line system of 24 cavities

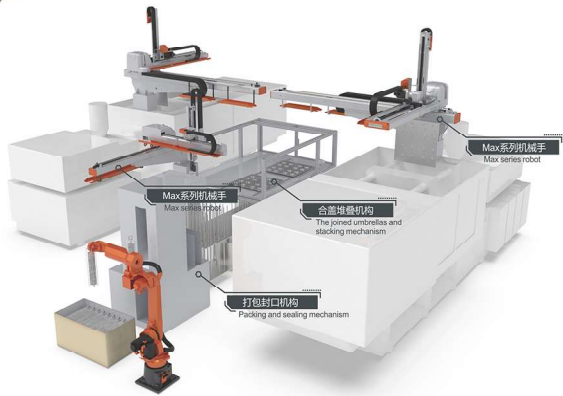

1出32/1出48 采血管智能产线系统
Blood collection tube intelligent production line system of 32/48 cavities

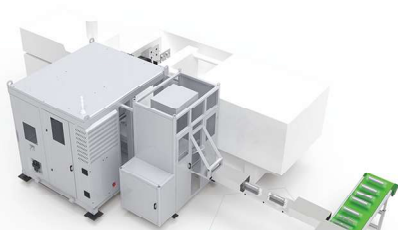

1出48 采血管智能产线系统
Blood collection tube intelligent production line system of 48 cavities

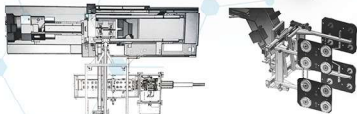

培养皿 智能产线系统
Petri dish intelligent production line system

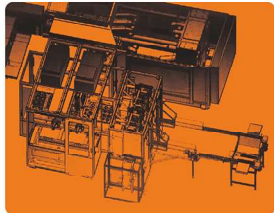

1出16 培养皿智能产线系统
Petri dish intelligent production line system of 16 cavities

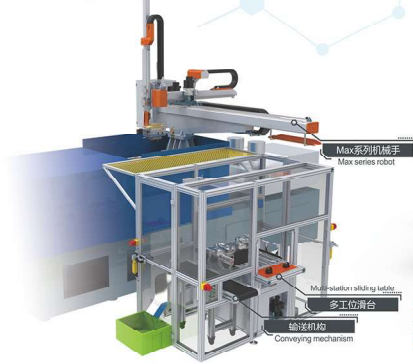

叠模8*8 培养皿智能产线系统
Petri dish intelligent production line system of stack mold 8*8

叠模16*16 培养皿智能产线系统
Petri dish intelligent production line system of stack mold 16*16

护目镜防护膜IMD 智能产线系统
IMD intelligent production line system of protective film for goggles

血液透析器 智能产线系统
Intelligent production line system of hemodialysis machine

反应杯 智能产线系统
Intelligent production line system of reaction cup

离心管 智能产线系统
Intelligent production line system of centrifuge tube
